Talk to your clients about the importance of Employment Practices Liability Insurance before somebody crosses the line.

What is EPLI?

Employment Practices Liability Insurance (EPLI) protects companies from allegations of:

- Discrimination
- Wrongful Termination
- Harassment
- Workplace Bullying

Coverage can be further enhanced to protect your client against alleged violations of:

- Immigration Reform Control Act
- Wage & Hour disputes
- Third Party Wrongful Acts

Wrongful employment acts can occur at any company...

From small firms to large corporations, innocent remarks can be misinterpreted and lead to allegations that need to be addressed. And the cost of paying for a legal defense and a potential adverse judgement or award can often be financially devastating for a company.

Let Rockwood Programs help protect your clients.

Our EPLI product protects companies from allegations of discrimination, wrongful termination, harassment, and workplace bullying.
